

TWARON® Prepreg CT 736 Von Roll

TWARON® Prepreg CT 777 Von Roll

Article Safety Data Sheet

ASDS ID: TA00112

Revision date: 2021/05/21 Supersedes version of: 12/01/2021 Version: 1.2

**This product is an article. A safety data sheet is not required for this product.
This document is provided to instruct you how to handle this product safely.**

SECTION 1: Identification of the substance/mixture and of the company/undertaking

Product form	: Article
Trade name	: TWARON® Prepreg CT 736 Von Roll, TWARON® Prepreg CT 777 Von Roll
Use of the article	: Impact resistant material.
Restrictions on use	: In the event that the product is to be used in special areas of application that differ from the abovementioned applications, including but not limited to applications regarding the food industry (in particular related to food contact) or the medical/surgical sector (in particular related to body fluid contact), prior consultation with Teijin Aramid is required.
Supplier	: Teijin Aramid BV T +3188 268 88 88 SDSinfo@teijinaramid.com

SECTION 2: Hazards identification

This product is an article and not a chemical substance or mixture. Therefore labelling as a hazardous substance/mixture is not required.

This product contains one or more candidate substance(s) of very high concern (Regulation (EC) No 1907/2006 (REACH), Article 59), Contains a reproductive toxin: N,N-dimethylformamide, Bisphenol A.

Contains epoxy constituents. May produce an allergic reaction.

So far no impairment of health has become known in cases where the product has been used for its intended application.

SECTION 3: Composition/information on ingredients

Comments : Aramid (ISO 2076), Polymer coated Aramid fabric.

Name	Product identifier	Conc. (% w/w)
Poly-(para-phenylene-terephthalamide)	(CAS-No.) 26125-61-1	> 75
Dimethylformamide	(CAS-No.) 68-12-2	< 0.6
Bisphenol A	(CAS-No.) 80-05-7	< 0.2

SECTION 4: First aid measures

First-aid measures general	: In all cases of doubt, or when symptoms persist, seek medical attention.
First-aid measures after inhalation	: Remove person to fresh air and keep comfortable for breathing.
First-aid measures after skin contact	: If skin irritation occurs, wash thoroughly with soap and water.
First-aid measures after eye contact	: Rinse immediately with plenty of water. Contact lenses should be removed. If eye irritation persists: Get medical advice/attention.
First-aid measures after ingestion	: Rinse mouth with water.
Symptoms/effects after inhalation	: Dust from this product may cause irritation to the respiratory tract. Coughing, sneezes.
Symptoms/effects after skin contact	: Slight skin irritation has been observed in isolated cases. Itching. Rednesses.
Symptoms/effects after eye contact	: Dust from this product may cause eye irritation. Redness. Tears. Pain.

SECTION 5: Firefighting measures

Suitable extinguishing media	: Use extinguishing media appropriate for surrounding fire.
Hazardous decomposition products in case of fire	: Under fire conditions, hazardous fumes will be present: Carbon dioxide, Carbon monoxide, Nitrogen oxides, Organic compounds, Formaldehyde, Phenolic compounds, Hydrogen cyanide.

SECTION 6: Accidental release measures

General measures	: Do not breathe dust.
Environmental precautions	: Avoid release to the environment.
Methods for cleaning up	: Avoid dust formation. Sweep or shovel spills into appropriate container for disposal.

SECTION 7: Handling and storage

Precautions for safe handling	: Handle in accordance with good industrial hygiene and safety practice. Ensure good ventilation of the work station.
Hygiene measures	: Do not eat, drink or smoke when using this product. Always wash hands after handling the product.

TWARON® Prepreg CT 736 Von Roll

TWARON® Prepreg CT 777 Von Roll

Article Safety Data Sheet

Storage conditions	: Store in original container. Keep container tightly closed. Keep cool. Store in a dry, well ventilated place away from sources of heat, ignition and direct sunlight.
Incompatible materials	: Strong acids. Strong bases.
Storage temperature	: < 4 °C

SECTION 8: Exposure controls/personal protection

Additional information	: Occupational Exposure Limit, Time Weighted Average (OEL TWA, 8h) - inhalable dust: 10 mg/m ³ . Users are advised to consider national Occupational Exposure Limits or other equivalent values
------------------------	--

Appropriate engineering controls:

Ensure good ventilation of the work station.

Hand protection:					
Wear protective gloves					
Type	Material	Permeation	Thickness (mm)	Penetration	Standard
Protective gloves	Nitrile rubber (NBR)	6 (> 480 minutes)	0.35		EN 374
Protective gloves	Natural rubber, Butyl rubber, Polyvinylchloride (PVC), Chloroprene rubber (CR)	6 (> 480 minutes)	0.5		EN 374
Protective gloves	Fluoroelastomer (FKM)	6 (> 480 minutes)	0.4		EN 374
Eye protection:					
None under normal conditions. In case of dust production: protective goggles					
Skin and body protection:					
Long sleeved protective clothing					
Respiratory protection:					
No respiratory protection needed under normal use conditions. In case of insufficient ventilation, wear suitable respiratory equipment. This is required in cases where a maximum concentration of 1 RFP/ml of air is exceeded					
Device	Filter type	Condition	Standard		
Dust mask, APF=10	Type P2	In the event of insufficient ventilation	EN 149		

Environmental exposure controls:

Avoid release to the environment.

Other information:

Handle in accordance with good industrial hygiene and safety procedures. During the processing and application of the fibers, small amounts of dust (including dust particles of respirable size) may be given off. A health risk caused by the inhalation of aramid dust particles does not exist if our safety instructions are observed. Fiber fly, dust and decomposition products of the fiber finishes must be avoided by ensuring adequate extraction and ventilation. Factory safety regulations must be strictly observed.

SECTION 9: Physical and chemical properties

Physical state	: Solid
Appearance	: Polymer coated Aramid fabric
Colour	: Golden yellow
Odour	: Odourless
Melting point	: Not applicable (Decomposes)
Flash point	: Not applicable
Decomposition temperature:	: > 220 °C
Solubility	: Water: Insoluble, Sulphuric acid: Soluble
Explosive properties	: Not explosive

Article Safety Data Sheet

SECTION 10: Disposal considerations

Waste treatment methods	: Dispose of contents/container in accordance with licensed collector's sorting instructions. If water is used for further treatment, be aware that it is possible that the additives from the yarn can be removed in an aqueous medium.
Sewage disposal recommendations	: If water is used for further treatment, the waste water generated by the process must be treated in a water purification plant in compliance with local regulations.
Product/Packaging disposal recommendations	: Empty containers should be taken for recycling, recovery or waste in accordance with local regulation.

SECTION 11: Regulatory information

European Union

This product is an article as defined by REACH REGULATION (EC) No 1907/2006. Labelling according to CLP REGULATION (EC) No 1272/2008 is therefore not required. This document is provided in order to communicate information on substances in this article, in order to allow safe use in compliance with REACH REGULATION (EC) No 1907/2006 article 33.1.

Contains (one) substance(s) from the list of candidate substances of REACH in a concentration > 0,1%: 4,4'-isopropylidenediphenol (bisphenol A; BPA) (EC 201-245-8, CAS 80-05-7), N,N-dimethylformamide (EC 200-679-5, CAS 68-12-2)

This product contains a substance subject to restriction (Regulation (EC) No 1907/2006 (REACH), Annex XVII): Entry No 72: Dimethylformamide <3000 mg/kg.

USA

This product is an article as defined by OSHA 29 CFR 1910.1200 paragraph c. According to 1910.1200(b)(6)(v), articles are exempt from hazard communication via GHS label and Safety Data Sheet. Labeling according to GHS is therefore not required.

This document is provided in order to communicate information on substances in this article, in order to allow safe use.

Canada

This product is an article as defined by Hazardous Products Act (R.S.C., 1985, c. H-3), paragraph 2. According to paragraph 12(i) manufactured articles are exempt from hazard communication via HPR label and Safety Data Sheet. Labeling according to HPR is therefore not required. This document is provided in order to communicate information on substances in this article, in order to allow safe use.

Mexico

This product is an article. "Articles" as defined in the Hazard Communication Standard (29 CFR 1910.1200) of the Occupational Safety and Health Administration of the United States of America, or by similar definition, are outside the scope of the GHS system. Labeling according to GHS is therefore not required. This document is provided to communicate information on substances in this article, in order to allow safe use.

National regulatory information: NORMA Oficial Mexicana NOM-018-STPS-2015

People's Republic of China

This product is an article. "Articles" as defined in the Hazard Communication Standard (29 CFR 1910.1200) of the Occupational Safety and Health Administration of the United States of America, or by similar definition, are outside the scope of the GHS system. Labeling according to GHS is therefore not required. This document is provided to communicate information on substances in this article, in order to allow safe use.

National regulatory information: GB 30000.2-29-2013

Japan

This product is an article as defined by JIS Z7252:2019. According to JIS Z7252:2019, articles are exempt from hazard communication via GHS label and Safety Data Sheet. Labeling according to GHS is therefore not required.

This document is provided in order to communicate information on substances in this article, in order to allow safe use.

Korea

This product is an article. "Articles" as defined in the Hazard Communication Standard (29 CFR 1910.1200) of the Occupational Safety and Health Administration of the United States of America, or by similar definition, are outside the scope of the GHS system. Labeling according to GHS is therefore not required. This document is provided to communicate information on substances in this article, in order to allow safe use.

National regulatory information: MoEL's Public Notice No. 2016-19

Brazil

This product is an article. "Articles" as defined in the Hazard Communication Standard (29 CFR 1910.1200) of the Occupational Safety and Health Administration of the United States of America, or by similar definition, are outside the scope of the GHS system. Labeling according to GHS is therefore not required. This document is provided to communicate information on substances in this article, in order to allow safe use.

Article Safety Data Sheet

The information given in this Article Safety Data Sheet for Man-made Fibers refers exclusively to the fiber product described herein. It covers neither its use in combination with any other material/preparation/product nor its use in any process. The purpose of this Article Safety Data Sheet for Man-made Fibers is to make adequate and correct information available to commercial users of man-made fibers for the protection of human beings and the environment. The information given in this Article Safety Data Sheet for Man-made Fibers reflects the standard of knowledge of the party completing the sheet at the time of printing. It is not a contractual guarantee of product properties. It remains the user's own responsibility to make sure that the information is appropriate and complete for his special use of this product.
